R. B. SELIGMAN
From the desk of:

PAUL A. EICHORN

To: Dr. Seligman

Before proceeding with modifications recommended for the manuscript I would like to bring to your attention the abstract of the msc. for your decision regarding advisability of publishing it. Dr. Hannon has questioned doing so and I do too. It has the potential of waking a sleeping giant. The subject is rumbling (see attached) and I doubt we should provide facts.

I look to your decision.
Paul E.
